焱坤（北京）新能源有限公司

# 让建筑，多一份能源价值。

碲化镉发电玻璃 · 建筑光伏应用 · 项目与渠道合作

从一个建筑部位、一项材料需求或一个合作想法开始。焱坤聚焦建筑光伏应用，与您共同梳理产品选择、建筑接口及合作路径，让首次沟通更有方向。

## 您希望从哪里开始?

### 01 建筑与厂房改造

讨论适合的建筑部位、现状条件，以及需要补充的项目资料。

### 02 发电玻璃与幕墙应用

围绕外观、采光、材料选择、安装及电气接口，梳理设计需求。

### 03 园区与海外项目

交流项目所在地、推进阶段、参与方分工及下一步评估范围。

### 04 渠道与产业合作

从具体客户需求或项目机会开始，讨论产品、服务与合作边界。

## 首次沟通，只需三个线索

项目在哪里? / 准备用于哪里? / 最想先解决什么问题?

资料尚不完整也可以开始。Quantu-X 帮您整理询盘，再由您通过邮件发送给团队。

## 把您的项目，带到下一次对话。

YANKUN · 焱坤（北京）新能源有限公司

# Give your building an energy dimension.

CdTe photovoltaic glass · Building applications · Project cooperation

Start with a building surface, a material requirement or a partnership idea. YANKUN focuses on building photovoltaic applications and welcomes discussions about product selection, building interfaces and a practical path to cooperation.

## Where would you like to begin?

01 **Buildings & refurbishment**

Discuss suitable surfaces, existing conditions and the information needed for an initial review.

02 **Glass & facade applications**

Explore appearance, daylight, product selection, installation and electrical interfaces.

03 **Parks & overseas projects**

Share the project location, current stage, participants and intended scope for further assessment.

04 **Channels & partnerships**

Begin with a specific customer need or project opportunity and define the proposed cooperation.

## Three details are enough to start.

Location / Intended application / Your main question

Quantu-X helps prepare your inquiry. Review it and send it from your email app to contact the team.

## Bring your project to the conversation.
